

CROWN

C-G

13,500-15,500 lb Capacity

LPG Pneumatic Tire

Rugged Confidence A Winning Combination

Crown 13,500 to 15,500 pound LPG pneumatic forklifts merge rugged strength and durability with the comfort, control and confidence inspired by their operator-focused compartments.

Operator Comfort Around the Clock

Crown 13,500 to 15,500 pound LPG pneumatic forklifts deliver confidence, visibility and precise control to the operator.

One of the most spacious operator compartments in the industry offers a standard suspension seat and hydraulic controls well within reach.

In addition, Crown's optional cab combines visibility, protection and comfort with optional air conditioning, heat, panoramic mirror, fan and rearview camera.

Optional Hydraulic Accumulator
Reduces fork carriage bounce when traveling over uneven surfaces

Easy-to-Read Gauges

- Optional low fuel warning light
- Engine oil pressure
- Engine coolant
- Speedometer
- Transmission temperature
- Transmission neutral
- Battery charging system

Ergonomic Operator Environment

- Easily adjustable to fit operators of various sizes
- Wide-open leg room
- Tilt steering column
- Deluxe suspension seat with high-visibility seat belt
- Operator sensing system
- Park brake alarm
- Neutral shift (return to neutral required when operator leaves seat)

Optional Dual Swing-Out and Down LP Tank Brackets
For added convenience, upgrade to dual swing-out and down tank brackets to make refills much easier.

Ready to Deliver.

Crown's Proven Support Network

Crown support begins long before this truck leaves the factory. Our integrated approach to service provides an outstanding user experience to our customers—before, during and after the sale.

Safety and Training

Our comprehensive training programs for operators, supervisors, technicians—and even pedestrians—can help support your efforts to provide a safe and productive work environment. Our DP TrainSafe Train-the-Trainer program offered locally can provide your organization with tools to efficiently train new operators using your own resources. At our Regional Training Centers, DP Service Technician Training goes above and beyond traditional classroom training, allowing participants to work on lift trucks with instructor supervision.

Forklift Maintenance and Repair

Crown's Integrity Service System keeps your forklifts running—regardless of brand. From time and material to complete maintenance, our Integrity Service System offers a variety of service plans to suit your needs in the most efficient and cost-effective way. Our well-stocked, GPS-dispatched service vans ensure your service technician arrives with the right part at the right time.

Fleet Management

InfoLink® Operator and Fleet Management puts the power of accurate, on-demand business metrics at your fingertips. When robust data drives confident decisions, your organization can achieve improved results in safety and compliance, higher productivity, lower costs and optimized operations. InfoLink Data Services can help create a solid foundation to help you achieve your goals and provide data integration and other consultative services to continue your journey.

You can count on Crown to build lift trucks designed for safe operation, but that's only part of the safety equation. Crown encourages safe operating practices through ongoing operator training, safety-focused supervision, maintenance and a safe working environment. Go to crown.com and view our safety section to learn more.
